Expenditures of New York.

The newspapers of the city of New York have abounded for many weeks with articles relating to the debt and expenses of that city, and the subject is not yet exhausted. The debt of the city has been increased forty millions of dollars, or upwards, within three years, and it is alledged that many fraudulent claims against the city, amounting to millions, have been allowed and paid. On Saturday, two weeks, Judge BARNARD, after full hearing of a bill of complaint against the Mayor, Comptroller and officials of the city, granted a stringent and comprehensive injunction to prevent public expenditure and the further issuing of city bonds by which an increase of debt may be produced, in which action he appears to be sustained by public opinion. There can be no doubt that there have been great abuses in the administration of the city government and that the city debt has been swollen enormously and improvidently if not fraudulently in recent years. The mere recent *increase* of the debt is greater in amount than the whole debt of the State of Pennsylvania, immense and burdensome as we know that to be, and it seems to an outside observer high time that the courts should interfere to the utmost extent of their power for the protection of the citizen against maladministration. This Judge BARNARD has done, and we doubt not that much of reform and improvement will result from his interposition.

But nothing can be more certain than the insufficiency of all judicial remedies for municipal extravagance. Economy, thorough and effectual, can only be secured by political as distinguished from judicial action; in other words, a good system, well worked, for the election of city officials, can alone protect the people of the city against bad government. Impressed with this view a great committee of citizens have taken into consideration a resolution in favor of an application of minority representation, or some form of reformed voting, in the election of city officials, of course to be effected by legislation at Albany at the next or some future session. A writer in the *World*, apparently without due information or reflection, speaks slightingly of this proposition of reform; but it seems to us that it well deserves consideration and a fair trial. The most effectual check upon misgovernment in municipal affairs is the watchful care and scrutiny of officials representing the minority of the people directed to the proceedings and action of the local government while they are taking place and before mischief is done. All subsequent remedies must be inferior to this; to undo is more difficult than to prevent, and subsequent information of what has taken place is almost always too late in point of time and imperfect in character. One party should always watch and check another *while the business of administration is going on.*

The State Contest.

The present State contest, remarks the *Age*, is one of great importance to the people, when viewed from the right standpoint. For some years, a "Ring" of corrupt, desperate politicians, headed by Senator Cameron, have managed to control the State Treasury by means of the nomination and election of a State Treasurer. There was one break in the line of succession, but that was unimportant as to the great chain of improper successes achieved by the Cameron interest of the Commonwealth. Having control of the Treasury, the "Ring" used the money for two purposes. First, to enrich a few personal friends by long loans at easy rates, by which the State lost heavily; and secondly, to subsidize parties in all sections of the State, and hold them for party movements. Banks were accommodated, with a distinct understanding that the officers were to electioneer among their customers for the Cameron nominees, and control votes by all the means in their power. Those were the uses made of the State funds. There was no secrecy in many of the transactions, and members elected to the Legislature, took their orders from the State Treasurer, and voted by his dictation. Stanton and Beath, the Radical nominees for Auditor and Surveyor-General, were put upon the ticket by the old "Ring" of Treasury managers and robbers.

THE first grant of land ever made by congress to any railroad was by an act passed September 20, 1850, donating to the State of Illinois 2,595,000 acres, or six sections per mile upon certain routes proposed. The State assigned the lands to the Illinois Central company. Of this grant 2,479,530 acres have been sold, and with the interest, have realized the sum of $24,900,883 to the company. The remaining lands are estimated to be worth five and a quarter millions—making a total of $30,156,788 donated by the State—or over $12,000 per mile for the seven hundred and seven miles completed, which was probably twice the total original cost.

SENATOR SUMNER avows himself in favor of the impeachment of President GRANT, ostensibly because of his San Domingo proceedings—in fact because he snubbed SUMNER and had him ousted from the chairmanship of the Senate committee on Foreign relations. SUMNER further declares that "Gen. GRANT is the lowest man who ever sat in the Presidential chair!" We have the authority of the *N. Y. Tribune* for these statements. While all that may be true, SUMNER must *look up* when he takes a squint at GRANT, however fallen the hero may be!

BEN. BUTLER says his "mission is to *purify* the Republican party." When *he* sees a necessity for purifying, the public may form some conception of the corrupt condition of the Republican party! Terribly unclean must that be which BUTLER can purify!

Rohr McHenry on Richard Stiles.

TO THE EDITOR OF THE COLUMBIAN:—I made a plain and correct statement in your paper of July 21st, 1871, in regard to my trouble with revenue officers and informers. In the *Columbia County Republican* of the week following appeared an article from RICHARD STILES of Benton, in reply to my statement, in which he tries to excuse himself and others, but with very poor success. STILES makes professions of church leadership and it hurts him to have his conduct exposed; so he tries to smooth over and cover up his malicious acts against me as well as he can. But as he knows that my statement is true and that the whole neighborhood where he lives knows it to be so, he is forced into slang and blackguardism in his answer and into some weak attempts to twist the facts.

He does not and he cannot deny that I was wronged out of a large amount of money on account of his false assessment; but his excuse for not coming to my house to assess me is that KNORR told him that I denied stilling. Was that any excuse for STILES in making a false and unjust assessment? But I never denied stilling to KNORR or any one else, and no revenue officer was ever misled by me. I denied stilling the full term of my license, and I deny that now. Why then did not STILES come to my place and see for himself? My distillery was in no secret place, but by the public road 1½ miles only from where STILES lived. I hauled my chop from COLES' mills through the town of Benton, and every person in the neighborhood knew that I was stilling. Every thing was carried on openly. But STILES, it seems, had to go to Bloomsburg to see KNORR on the question whether I was stilling or not and he the assistant Assessor at the time! We need not wonder if this is true that the Government turned such a man out of office! But if he believed that I had not distilled he had no business to assess me, and if he knew I had it was his business to assess me at home and according to the truth, and not go to Bloomsburg and make up a bogus or false assessment. But you see by this proceeding he could fix things up to suit himself. The blood hounds intended to take from me every thing I had, and boasts were made more than once that I should not have a foot of land left, by the time they were done with me. But I can say I have some land left, though without any thanks to STILES. I own it without having had a government office to oppress my neighbors.

STILES, after failing in part in his evil designs, tries to play innocent. He says he only wanted to live up to the law, and denies getting any of the money extorted from me. But I was told by a high officer that he, STILES, was the informer and would get one-half the whiskey money. If the government stopped down on him and disappointed him of his expected share, it was just. But we have only his word for that.

But he only wanted to live up to the law! Now if he and the other officers lived up to the law as strictly as they pretend, why was I asked in making my settlement to sign a writing that I would not prosecute any of the officers for any damage they had done me? I think the meaning of that is very plain. If they had not violated any law, or done any wrong, there was no need that they should ask me to release them; but a man like STILES who swears he can see a three inch letter sign on a distillery, six or eight hundred yards off, is capable of saying almost any thing without hurting his conscience or character.

He has something to say in his article about niggers and Black Republicans. I had not said anything about either in my statement; but I will now say to him that I respect decent Republicans and have nothing against the negro in his proper place; the white niggers are the ones I despise. And I think a man deserves that name to be applied to him who hunts after an officer so that he can feather his own nest and injure his neighbors. STILES tried to get office in the Democratic party and failed. He then tried the Republicans who did not trust him, but finally on grounds of sympathy he got a small appointment from which he was turned out afterwards. That is the man who now tries to quiet his guilty conscience by abusing me.

ROHR McHENRY.

Orangeville, Sept. 26, 1871

The Years of St. Peter.

TO THE EDITOR OF THE COLUMBIAN:—On the 18th of August, request was made of Mr. ORVIS for his "authority" for certain assertions made by him in an article with the heading hereof, in your issue of the 11th of August. On the 15th of September he tenders to me, not one single "authority," but what I presume is intended to be an argument, in support of some of his assertions. His argument has been frequently advanced and as frequently refuted: It does not need to be again demolished.

Mr. Orvis is said to have been a lawyer. If that be true, he knows the difference between an "authority" and a mere *obiter dictum*, and that the latter will not answer for the former. So, Mr. ORVIS being a lawyer, refuses to support his final proposition by giving his "authority" for making it; because, being a "negative proposition," he finds it convenient to escape behind the purely legal defense that a mere denial is sufficient. That is ingenious and lawyer like, but is it fair? It was supposed that assertions so positively made and propositions so broadly stated would be supported by some show of "authority;" but with all respect, I beg to say that the expectation has not been realized.

RADS DON'T LIKE THEM.—The temperance men who are disposed to support the ticket nominated by that party are having a hard time of it with the Radicals who fear that it will draw many from the support of the latter ticket. All kind of hard names are called, such as "tricksters," "bolters," &c.

A Libelling Editor Pinned!

BLOOMSBURG, PA.
SEPT. 21st, 1871.

EDITOR OF COLUMBIAN.—The newly fledged editor of the *Republican* must have a head as it is said of the earth, either being solid or having an exceedingly thick crust; for he does not seem to exercise the discretion of a boy of ten years of age. For instance, to show his absurdity, in his paper of the 13th, in a local column, he says: "There was nothing done last week in Court," &c., and on the same page he has nearly *two columns* of court proceedings! Again, in the same local, he says: "There was no court this week except a short session to take Judgments on Monday." He follows up this assertion with a *half column* of court proceedings of that day, in this week's paper! "When in truth, there were more matters acted upon by the court, on that day, than any other day of the term.

He further says, that the "usual number of petty criminal cases from Centralia were disposed of, which are no credit to the county." As there was but *one case* from that place disposed of, *by the court*, or *before the court*, it must therefore go to the credit of Centralia.

Finally he winds up his local by making a charge upon the court; charging it with "peculiar gentleness and complaisance." Now I will venture to says that the *gentleman* of *Biblical lore* knows nothing of the case, either *pro.* or *con.* His only knowledge being what he gathered on the street, which is very unreliable. It is not likely he was in court to hear the case and if he had been he could not have told anything regarding its merits. The charge was certainly malicious and unjustifiable, and one that no gentleman having any respect for the court or for truth would make; and especially when our President Judge has the reputation of being one of the ablest and most impartial Judges of this Commonwealth. It is a charge unbecoming the lowest *calibre* of a gentleman—none but an *ass* would make it. His whole local was therefore untrue and maliciously intended.

In an editorial speaking of the "Ring" he says: they are coming down from New York to break it up. He learned, I suppose while wearing a white *cravat*, that they used to come down and destroy tribes, but since he has taken, as he says, the Chair Editorial, his perception is not so clear, especially, when the truth is involved. He capps off this article by making a personal attack upon an individual of this town in the following manner: "A man who is receiving a salary less than a thousand is purchasing property and giving every evidence of prosperity far beyond what his limited income would warrant." *If only this impertinent Republican puppy gave more evidence of prosperity* he then would be brought to justice for making such charges and personal insinuations. The person referred to had more property before he became a resident of this town than he has now and did not depend upon his salary for the purchases he made. He came by it honestly—by practicing economy and industry and paying his honest debts, *not* by avoiding labor and living in luxury and paying three hundred dollars a year rent for a house or residence. Inconsistency must be a jewel with the editor of the *Republican*.

What a Vote for McCandless and Cooper Means.

Let it be impressed upon every man's mind that a vote cast for the Democratic ticket is a rebuke of the monstrous corruption of the times.

That a vote cast for the Democratic ticket is a rebuke of the wholesale robbery of the Treasury at Harrisburg by prominent Radical officials.

That a vote cast for the Democratic ticket is a rebuke of the wrongful conversion of the State securities by the Radical State officials.

That a vote cast for the Democratic ticket is a rebuke of the Radical Internal Revenue Collectors who have stolen twenty million dollars of the people's money—not one of whom has been prosecuted.

That a vote cast for the Democratic ticket is a rebuke of a corrupt Congress that has stolen the public domain from the people.

That a vote cast for the Democratic ticket is a rebuke of that nepotism that gives the public patronage to the President's family as long as one is found to be put into office.

That a vote for the Democratic ticket is a rebuke of the Radical Congress that each year piles the taxes higher upon an over burdened people.

That a vote for the Democratic ticket is a rebuke of bribery in which the Chief Magistrate gives the highest offices in the land to those who make him the largest presents.

That a vote for the Democratic ticket is a rebuke of a debauched Congress that has created the President a Military Dictator, and placed the rights and liberties of the people in his hands.

That a vote for the Democratic ticket is a rebuke of the grasping monopolies that have been created by a subsidized National Legislature.

That a vote for the Democratic ticket is a rebuke of the infamous bayonet election law, and the still more infamous Ku-Klux bill.

That a vote for the Democratic ticket is a rebuke of the wholesale corruption that characterizes the carpet bag rule of the South.

That a vote for the Democratic ticket is a rebuke of President Grant for using the army at New Orleans to elect his relations to office and secure his own re-election.

That a vote cast for the Democratic ticket is a rebuke to Radical extravagance everywhere.

Let them remember this, and then remember that every vote for the Radical ticket is an endorsement of all those wrongs and abuses, and a thousand more.—*Ex.*

EVERY consistent soldier of Pennsylvania should vote for their old comrades in arms, McCANDLESS and COOPER.

The Northumberland and Montour Judgship.

The *Montour American* objects to the election of EBEN G. SCOTT as President Judge of that district because of alledged want of sufficient practice at the bar. The objection itself is without force, and when a main cause of it is to be found in the fact that Mr. SCOTT left his legitimate business to battle in the Union army, in place of such men as his assailant, who staid at home, loyal gentlemen should not find fault.

When Chief Justice GIBSON was first appointed to the bench the same objection was urged against him, yet he became the most distinguished of the bright galaxy of Pennsylvania Judges whose opinions are quoted wherever law is known. GIBSON never conducted a cause in court, yet there is not a lawyer in Pennsylvania who does not regard his judicial opinions with reverence. Judge STORY was appointed to the bench of the Supreme Court of the United States when only twenty-six years of age, and he adorned even that bench of great Judges. In both these cases the appointing powers knew the learning and ability of the man they appointed, and these wise men did not consider that experience in the trial of petty criminals and spiteful law suits was such legal learning as gave qualifications to a Judge. If the *Montour American* had then existed to enlighten them, the State and the Nation would have lost two of its brightest judicial stars, and the legal profession will thank kind fortune that it did not produce this modern luminary until after GIBSON and STORY had filled their libraries with the most profound and thorough expositions of the principles of law.

There is, however, a solid objection to Mr. ROCKAFELLER, the Republican opponent of Mr. SCOTT. Personally we know nothing about him, but his supporters say he has a very large practice in the district. If so, his election would impose upon the district a heavy expense and most grievous burthen. We know lawyers will say otherwise, but we speak from a long experience in another district. Not only is the trial of causes disarranged and tediously postponed, but the expenses of trial are greatly increased. The Judges from other districts who are called to try the cases in which the sitting Judge was counsel, fail to attend very frequently and often can not be obtained. We have known parties enough to be ready for trial, with all their numerous witnesses, to keep a court employed for a full week, yet after appearing at the county seat and perhaps waiting a day or two, would be informed that the Judge was not coming and therefore their cases must go over. All the expense of the attending jurors, &c. would of course have to be paid by the county. Both county and parties to suits are thereby heavily taxed, and the inconveniences of the latter are most vexatious. The delays occasioned by this cause are not the least evils to be considered. In the case we refer to—Judge LINN, in the Clinton district—some of his causes did not reach a trial during his whole term on the bench, although the parties were generally at Court and constantly expecting and urging trial. This is a sample of the effect of electing a lawyer in large practice to the Judgship of the district in which he practices.

We are well aware that some lawyers will recklessly dispute this, and none will thank us for stating the fact, for they are always anxious to get the lawyer of the largest practice on the bench. It takes him out of their way and makes more business for them. But we have given the result of our experience in a district where the thing was tried twice, and to the facts stated we are both a living and interested witness. We say, therefore, that the argument that Mr. ROCKAFELLER has a large practice in his district is a grave and potent reason why he should not be elected, instead of being an argument in his favor.

Lawyers in large practice very commonly make the poorest, most inefficient and nearly always most tedious of Judges. We have been a witness of that fact, too. The qualifications that make a lawyer a successful practitioner at the bar are not those that make him an efficient Judge. Close habits of study and logical thought, firm nerve and independence of mind, the capacity to distinguish right from wrong intuitively, or to sift justice out of conflicting or doubtful testimony, and executive ability, are the leading qualifications desired in a Judge, but these are rarely acquired by mere jury lawyers or lawyers of large practice in petty business. Rather, they are blunted and lost sight of, by the extensive practitioner. An intellectual man well read in the law and other sciences and practical information, possessing the other qualifications suggested, will nearly always make a superior Judge, while a mere successful practitioner is very liable to prove a failure.

WHY THEY WANT TO DEFEAT McCANDLESS.—The reason why the Radical leaders are so anxious to elect Stanton Auditor General is apparent when it is known that through his hands passes all the corrupt and swindling bills like the Evans swindle. If General McCandless is elected, the Democracy will place a guard over the State Treasury, and all the jobbing, plundering schemes will have to pass under his observation before they are settled. He will be in a position then to head them off and choke the leeches. No wonder then that Evans, Bergner and the other vampires who live and thrive by gorging themselves with State plunder want McCandless defeated. McCandless' election would be the death knell to their raids on the Treasury.—*Montrose Democrat.*

DEMOCRATIC voters, see that you are assessed. Speak to your neighbors and have them attend to it. Saturday, the 30th of September, is the last day.

THE temperance party of Dauphin have nominated a full ticket, winding it up with a darkey preacher for auditor.

The Columbian.

BLOOMSBURG, PA.

Friday September 29, 1871

THE reader's attention is directed to the first page of the *Columbian* this week, containing editorial and other original matter usual to the second page. On the fourth page an artistic article descriptive of the greasy Radical demagogue who sails under prohibition colors—"Rev." PENNEL COOMBE—will be found. After the election we will resume our usual variety of miscellaneous and non-political matter.

ROHR MCHENRY is not very charitably inclined towards those government officials who persecuted him while he was engaged in distilling and they were busy harrassing people generally! Though the officers of the department at Washington forced him to agree not to prosecute his persecutors, he seems determined to hold them up to the more serious punishment of public odium. Matters now look as though the officers had "waked up the wrong passenger," and they would no doubt be glad to-day if they had never disturbed him. He writes with a caustic pen and cuts to the quick. Read his article.

To the Polls!

The election is almost at hand. Democrats, are you ready for the struggle? Are you sure that every Democrat has made up his mind to attend the polls? Be sure to get every one out—rain or shine, cold or warm—be sure to poll every vote! The result depends upon the turn out. Every Republican will be on hand.

Organize! Organize!

We appeal to Democrats in every district to organize in some form, so as to be sure to get out every vote. We firmly believe that if the full Democratic vote can be polled we will carry the State—that all depends on this single point. Let the Democrats of Columbia county do their whole duty, then whatever may result, no blame will attach to them. A good plan of organization is to hold a meeting (even if only half a dozen) and appoint committees to see each voter and get his promise to attend the election—rain or no rain. If every vote is not in by the middle of the afternoon send for every one whose attendance is at all doubtful. Such action will *command* victory. Columbia county is good for 2,000 majority if a turn out can be effected. It is hoped every Democrat will make it his business to see that every one of his party will be at the election.

Beware of Trickery!

Beware of false tickets on the day of election! Arrangements will be made to print tickets in imitation of the Democratic ticket, with the name of one or more Republicans or their volunteers on them. Keep a close watch for these!

Attempts will be made to buy up Democrats at certain polls to hand out bogus tickets as the genuine Democratic ticket! Keep a close lookout for these!

All kinds of false reports will be circulated on the eve of the election, and on that day. Keep a sharp eye on these, and believe nothing that has not been publicly stated in time to be discussed. False and lying handbills, extras, papers, &c. may be issued. Depend upon it that all such things coming on the eve of the election are intended to deceive and are issued at that late period so that there will be no time or opportunity to expose their falsehood!

In short, be prepared for every species of trickery and falsehood! Every honest thing that can be said about the election will be before the public in ample time for examination and discussion, and nothing else should be heeded!

GEN. CAMERON has the thanks of the editor of the COLUMBIAN for the first official document he has received from a Congressman in some years. Whether Radical Congressmen deemed the editor sufficiently enlightened without documents, or whether they had no special friendship for him, or knew that he would manage to fill his paper with interesting reading at any rate, or whether they thought he already knew too much about Radical proceedings, we are not informed—at any rate they sent him no official documents, to which we believe Democrats are as well entitled as Radicals. The document now received is a report on Agriculture.

GEN. MCCANDLESS performed his military services on the battle field—Dr. Stanton performed his as a medical director of an Ohio hospital. General McCandless was promoted because of his brave deeds as a soldier—Doctor Stanton because he was the "nephew of his uncle," the Secretary of War. General McCandless came out of the service with a maimed body and impaired health—Doctor Stanton with a good bank account and a whole skin.

UNDER the Radical administration of affairs in Texas, the expenses of an election for members of Congress will foot up $254,120, more money than many an entire Democratic administration has cost the State. The Governor is required, by the Constitution, to order an election for members of the Legislature, before December. If he does this, it will, at the least calculation, cost as much as the Congressional election, which will be $508,240 spent in one year for elections.

THE accounts of the Post Office Department show a deficiency of $19,000,000. No one knows anything about the missing funds. They have "gone where the woodbine twineth," along with the $2,250,000 of Secretary Boutwell, and the $3,000,000 of Treasurer Spinner. How long will our people submit it to be plundered in this manner?

VOTERS!—Fifteen thousand capitalists own Government Bonds, and are free, by law, from all State and County tax! *You* pay what they do not! You are paying your own taxes, and those of the bondholder! The Radical Republican party have put this burden on you. The Democratic party want to take it off!

A VOTE for Dr. STANTON is saying in so many words that you do not care whether the money in the State Treasury, or the money that ought to be there, is honestly accounted for or not!

To the Democrats of Columbia County.

The ticket nominated by your convention is composed of men who are worthy of the support of any party, from top to bottom. All are honest, all are capable and all are sincere and faithful Democrats. Every one of them would support any Democrat who was fairly nominated as they have been. Of course, Republicans will cavil, and try to raise prejudices—but whatever they do is done with the sole purpose of injuring your party. Some preferred other men for nomination, but if the majority is not to control in party matters, who is? If nominations are not respected this year, will they be next year? If every year is to bring new divisions how long will your majority last? Finally you must dwindle to a minority unless the spirit of faction is kept down and the will of the majority is respected.

Who will gain by your loss? The Republicans inevitably. It is sheer folly to say the conventions do not express your will. You elect the delegates and the responsibility therefore rests with you. If you once elect unfaithful delegates, take better care next time, but let the judgment of the convention for the time being stand as the unanimous action of the whole party. That is the only way to maintain party unity, and without union there is no strength. If a minority of the party combine with the Republicans one year to defeat a nominee, another minority may as properly do it another year, and so on to the end of time. What does your strength therefore avail you, under such circumstances? Just nothing, but to produce corrupt combinations with your enemy! But a united majority party will always add to its numbers and gain strength constantly. This union, therefore, is to be sought by every man who desires to strengthen his party.

As we have pointed out before, in other articles, our candidates are in nearly all respects superior to those who oppose them. Nobody will pretend that BOYD ROBISON is as well qualified for Representative in the Legislature as Capt. BROCKWAY. A man who has worked himself up as the latter has, is not only deserving of high credit, but proves the possession of those elements of character that lead to distinction and the greatest usefulness. But it would be folly in us to point out the various distinctive merits of a man so well known to the people of the county as he, and against whose election no serious effort is made.

Perhaps WILLIAM LAMON is more actively opposed than any other man on the ticket, and simply because he had only a small majority in convention. Nobody questions his fitness for Treasurer, his private character is above reproach, his Democracy is undoubted, and no single objection against him is made—only that his majority in convention was small and therefor faultfinders may cavil! We do not pretend that any human action is so perfect that something may not be said against it, much less can a large body of delegates so act that those who want to find fault may not conjure up something to peck at. But he was nominated, and would have been nominated under any possible rule that could have been adopted—either by the instruction of townships and districts, or under the plan of minority representation, or by taking the whole vote at the delegate elections. Under all these circumstances, we submit to every Democrat whether he should not receive the support of every one?

WILLIAM SHAFFER, for Commissioner, is also attacked but with less fierceness. He had a majority on the first ballot over several competitors—some of them strong and worthy men. His volunteer competitor also asked for the nomination, but had no strength. He had ten or eleven votes but we believe only two were really instructed for him, and perhaps none. In Bloomsburg, where he lives, he had more votes than any other one candidate, but a majority voted for other candidates, although no effort was made for the latter. SHAFFER'S election is sure.

Judge DERR will walk over the course without serious opposition. He has made an excellent officer and his popularity was fully attested by the large vote he received in convention.

JAMES BRYSON, the candidate for District Attorney, is a young man of ability and well deserving the office. He was unanimously nominated and will no doubt be unanimously supported by the Democracy. We suppose his opponent is a resident of the county or somewhere else, and that is all we know about him.

The rest of our nominees are unopposed. All are proper men and deserving of unanimous support.

With such candidates, the Democratic party ought to poll the largest vote it ever yet polled and roll up the largest majority the county ever gave. A FULL TURN OUT will accomplish this very desirable result, and we therefore appeal to every Democrat to be at the polls. Not only that, but to make every effort to get every body else to turn out.

The Evans Villainy!

Under the pressure of public demand, a warrant for the arrest of the swindler EVANS was issued, and a Harrisburg policeman was sent to New York with a requisition to arrest him, but after a day or two spent in that city the policeman returned with the information that the fugitive could not be found! It was a little curious that no effort was afterwards made to capture EVANS, and it was quite curious that no reward was offered for his capture.

It turns out now that EVANS has made no effort at concealment but is daily walking the streets of New York! If the policeman sent after him did not see him it was because he did not want to! It is asserted publicly that EVANS boasts that his party does not dare to arrest him because too many of its officers and prominent men were concerned in his fraudulent transactions!

It is plain that if Dr. STANTON is elected Auditor General no further effort to ferret out this villainy or to recover the stolen money will be made. The only hope that justice may be done in this regard is in the election of Gen. MCCANDLESS—in that is the only hope that other monster frauds will be exposed or prevented—in it the only hope that the State Treasury will be protected from future illegal and corrupt depletion! The Radicals having all the rest of the State officers, should there not be one Democrat to watch them?

The Radical Syndicate--Official Corruption.

In enumerating millions upon millions of Radical defalcations, frauds and corruptions, last week, we by no means included the whole of them. Only enough were given to show that the grossest of robberies are being daily committed by the Radical officials, and that there is no possible hope of reform except in a CHANGE of government officials. Among the important items we omitted was the celebrated CHORPENING FRAUD, engineered through Congress by JOHN CESSNA, a shining light of Radicalism, by which the government would have been defrauded of FOUR HUNDRED AND FIFTY THOUSAND DOLLARS, except for accidental discovery and the expose made by the newspapers! The Postmaster General was implicated in this attempted robbery, yet GRANT keeps him in office! Is it any wonder that the P. M. General, in turn, keeps thieves in office?

Gen. WHITTAKER, Postmaster at Hartford, Connecticut, embezzled in the neighborhood of ONE HUNDRED THOUSAND DOLLARS. He is still continued as Postmaster by President GRANT, and Postmaster General CRESSWELL. All over the country the Radical postmasters are proving defaulters, yet they are retained in position and the facts are not exposed lest injury be done to the Radical party!

While here and there an occasional Democratic Collector of revenue who has proven a defaulter is prosecuted, we have yet to hear of a single one of the great number of Radical defaulters in the same service being proceeded against!

Of course all these robberies have to be made up by taxes upon the people. Will not the people put a stop to them and save themselves from taxation? The only way to do it is to DEFEAT THE REPUBLICAN CANDIDATES AT THE ELECTION. Do that and an amount of swindling not yet dreamed of will be exposed and stopped!

Radical Stealing.

Paymaster HODGE, U. S. Army, a Radical favorite, turns up a defaulter to the government, has been imprisoned in Fort McHenry, Md., and will be tried by court martial. The amount of his *admitted* defalcation is *four hundred and fifty thousand dollars*—nearly half a million—but it may be much more. He says he has been gambling in stocks in Wall Street, for some years past, and sunk the money. Of course the people can make up this loss by paying taxes into the Treasury.

An assistant Postmaster in the Post Office of New York city—another prime Radical—also turns up as a defaulter to the acknowledged amount of *one hundred and fifteen thousand dollars*. How he sunk this respectable amount of public money does not clearly appear; but it was probably by speculations, entered upon in order to grow suddenly rich, in imitation of GRANT.

The big EVANS steal from this State of *three hundred thousand dollars*, is another Radical exploit which we have had occasion recently to ventilate and explain. EVANS has not been arrested nor is it likely that proper punishment will ever be inflicted upon him.

We endeavor to keep our readers advised of matters of interest occurring in the country and particularly of all remarkable events in the administration of government. But it is impossible to keep up with official abuses under GRANT, and the task of reciting them is repulsive. Therefore the people can only expect to be informed by the press of occasional cases of mal-administration which happen to be exposed by judicial inquiry or by quarrels among the Radical rogues themselves.

Woman Suffrage.

It has been contended by many that a strict construction of the 14th and 15th amendments to the constitution of the United States actually conferred the right of suffrage upon women. If so, of course no law of the Legislature or Congress can take away the right, if the validity of the amendments be admitted. We see it stated that the question is to be tested in Philadelphia at this election, some women having applied for registration and who will offer to vote. In this connection we also see it stated that Judge UNDERWOOD, United States district judge for Virginia, has written a letter in which he says he feels very confident that the fourteenth and fifteenth amendments of the United States Constitution, together with the enforcement act of May 31, 1871, have secured the right to vote to female citizens as fully as it is now exercised and enjoyed by male citizens. Ahem! won't there be some extra love making when women become voters!

This is a beautiful exhibition of the recklessness of Radical legislation! It would not be surprising if it were soon decided that nobody but negroes had a right to vote in this country!

THE Democratic convention of Dauphin county passed excellent resolutions. Among them we find the three following:

Resolved, That the republican party, ever since they have been in power, have violated the great republican principle of THE EQUALITY OF INDIVIDUALS UNDER THE CONSTITUTION AND THE LAWS, by creating numberless monopolies and granting special privileges which have closed the avenues of individual enterprise, placed *the laboring classes* under the iron rule of heartless taskmasters *and robbed labor of its legitimate share in the profits of production.*

Resolved, That the resumption of specie payments by every bank in the country, can alone restore to the people a constitutional and safe currency, calculated to check *the gigantic speculation and oppressive usury* which now impede the channels of legitimate trade, paralyse the efforts of individual enterprise and cast a blight over the general prosperity of the country.

Resolved, That the scandalous donations by congress of millions upon millions of acres of the public lands to mammoth railroad corporations is a bold robbery of the people's inheritance, and the very opposite of the policy of the democratic party whilst in power, that reserved the public domain *to procure cheap homesteads and farms for the hardy sons of toil and the real producing national wealth.*

EVERY vote for the Radical and volunteer ticket will be claimed as an endorsement of the Radical ring of office-holders in Bloomsburg!

A VOTE in favor of the Radical and volunteer ticket in Columbia county is an encouragement and endorsement of corruption!

THE Republican State Convention of Minnesota declared for free trade with entire unanimity. In a very few years the whole West will be for free trade.

County Commissioner.

If the Democratic convention had nominated a citizen of Bloomsburg for County Commissioner the Radical office-holders "ring" would have howled with indignation and the whole Radical camp would have been fired up to fever heat! We would have had no end to yarns about heavy street damages and other appropriations from the county treasury for the benefit of the county seat. As the Democrats, however, refused to do this very thing, the Radical "ring" induces a citizen of Bloomsburg to offer himself as a volunteer! Now it is all right, good people, they say, and if they can have their way the town of Bloomsburg will have a Commissioner, notwithstanding the fact that a majority of the Democrats in Bloomsburg as well as the Democratic convention said *No!* the country ought to have the Commissioner. We refer to this fact as a glaring example of the want of principle as well as consistency in the Radical ring. Whatever their Democratic fellow-citizens do or propose to do is all wrong, but whatever they oppose is all right! That logic may do amongst people controlled solely by prejudice but can never be approved by common sense people.

What is the great anxiety of Mr. SHIVE to be county Commissioner, that induces him to endeavor to force himself upon the people when they so palpably don't want him? A majority of the Democrats in Bloomsburg voted against him at the delegate election. Only eleven delegates voted for him in convention, and not one of these will support him at the election. The honor of holding the office is not sufficient to account for his anxiety and there is no profit in the salary paid. What hidden object, then, prompts him to endeavor to force himself upon an unwilling public? He promised to abide by the decision of the convention, yet he not only treats that promise as worthless but is doing whatever he can to be elected himself in direct opposition to the almost unanimous decision of the convention! When a man goes so far as this, it is fair and prudent to infer that he has some ulterior object to affect in obtaining office—something that he is unwilling to tell the public—something improper, unfair or unpopular.

WILLIAM SHAFFER was fairly nominated for Commissioner on the first ballot, is a worthy man, and is entitled to the support of every Democrat. In fact he ought to be supported by all those who are opposed to the town of Bloomsburg exercising undue influence, about which some people talk so freely, and which forms the principal stock in trade of the Radical "ring."

THE correspondent of the *Republican* who signs himself "laborer" has a happy faculty of "mixing" as well as misrepresenting. The fact is that before the Radicals came into power one dollar would buy more necessaries of life than five will now. The wages of one day's labor in each week will not pay all the direct and indirect taxes which Radical legislation has imposed upon each citizen. "Two dollars a day and roast beef" was a motto of the old Whig party in 1840, and was a piece of humbug never resorted to by the Democracy. No great or small "light of Democracy" ever "preached that ten cents a day was enough for laboring men," and the slander resembling this was dropped thirty years ago, as it was too effectually exposed for even blockheads to believe it. To impose the burdens of the country as far as possible upon the laboring classes is a leading principle of Radical legislation. Thus, the thousands of millions of government bonds held by the rich are exempted from taxation, while tea, coffee, sugar, salt and molasses, used as extensively by the poor as the rich, are heavily taxed. Coarse fabrics, used by the poor, are tariffed as high as 200 per cent, while the fine ones, in reach of the rich only, do not average over 20 to 40 per cent tariff taxation. These are examples for "laborer" to study. The principle pervades all Radical legislation.

THE *Republican* says that the Democrats it personally villifies "hate" its editor. We do not suppose that any of them think enough about him to give their opinions a definite shape, but some people say that extreme meanness is the most fruitful cause of hate. It is not altogether a phantom that haunts the editor's brain—it is a compunctious little attendant that ever accompanies guilt which holds up opprobrious terms and fears before the eyes of misbehaving people and whose promptings suggest unpleasant epithets and thoughts of contempt to his perturbed imagination. Quit slandering, Mr. Editor, and you will feel better, and then hallucinations will cease to bother you. Although not more than ordinarily fastidious we would not stay in a community where we thought as meanly of the Republicans, or any body else, especially if they were sustained by the public, as you charge upon Democrats and the officers of the county, though if you do not learn to behave better it will be necessary to cut your acquaintance. To constantly bedaub honest men with vile epithets is not the business of a respectable newspaper, or a way of keeping good company, but we beg to be excused from constantly tutoring you, having but slight hope of the results. After all, Democrats are neither afraid of malicious abuse or false accusations and would rather tolerate them *from that source* than praise or commendation.

The Philadelphia *Press* is drivelling away with its Kuklux stories with as much earnestness as though somebody believed them. Every number of the paper is full of them and almost every paragraph has reference to them, yet the people where the foundation of its romances are laid know nothing about them. It must be refreshing to a neighborhood to be informed by the *Press* that a terrible kuklux operation was performed in their midst by persons they never heard of and upon victims who never had an existence, and they all the time pursuing their respective avocations without observing the least commotion! Kuklux fabrications have a parallel in our Fishing Creek rebellion. When an army was sent to subdue it, its commanders discovered they had been sent to cannonade a myth and that there was nothing to fight but "old wives tales." But the *Press* froths over its Philadelphia manufactured kuklux horrors with a ludicrous effort to make itself appear sincere that is grave as Munchausen's oath to the truth of his impossible narratives, and with about the same chance of being believed. Go it *Press*—Go it Kuklux—a cutty sark is after you!

The Republican's Slanders.

Our reason for insisting that the *Republican* shall name the accused party when it makes a charge of fraud or other wrongful official action, is, that the innocent shall not be improperly suspected, that the accused may make defence, and that the guilty (if any) may be punished. We assert that it is a gross abuse of the privileges of the press and an outrage upon propriety to make injurious charges against "officers," "certain personages," &c., which no man can assume to himself and which may mean anybody and raises suspicions against several or many. But we will not read the editor a homily on editorial proprieties. We say, plainly, if you know of any thing wrong on the part of the Columbia county officials name the specific act or acts that you think wrong, and name the officer who is responsible if you have fraud to charge. In the case of officials and their action in office an editor can not be convicted for libel if he can prove his charge, and there is no justification in perpetrating slanders in such terms as may injure several but cannot be held to mean any particular one.

Again we assert the perfect official integrity of every man now in office in Columbia county who has been placed in it by the Democratic party, and we DEFY any political or personal enemy to bring a truthful charge of improper official action against any one of them. It will be observed that as soon as we take the *Republican* up on one false statement it immediately drops it and makes another. It is an old trick of liars whenever caught in one falsehood to tell another, and thus constantly attract attention to new points and stop investigation. Is this the theory upon which the *Republican* proceeds and relies? It's last issue looks very much as though that was its plan of action.

THE *Republican* boasts that "*there is nothing more satisfactory than the complete harmony that exists in the Republican ranks in this county.*" The boast we believe to be well founded. But when the Democrats see their political enemy united as *one man*, will they not unite too? We know there is but little division now in our ranks, but do not the few who are still disposed to support volunteers see the necessity of uniting and presenting a SOLID FRONT! Can it be that Democrats who hear the boasts of the Republican leaders that they are thoroughly united and therefore hope to gain, will not throw away personal feeling and unite too? What would any body think of an army that would persist in division when in the face of a united enemy? In politics and at elections union is just as important and a thoroughly united party rarely sustains loss and defeat.

The boast of the *Republican* is a bold one and shows its confidence in a gain to its party because of its thorough union. Let Democrats profit by the lesson!

THE *Republican* complains that we did not do justice to the military record of Mr. JAMES BOYD ROBISON, but does little if any better itself. Certainly we had no design to depreciate his military glory and honor—we only spoke of our own ignorance of any extraordinary military exploits of his—we said he may have killed more rebels than all the rest of the army and we now say he may be entitled to more glory than GRANT himself—only we are ignorant and BATES' history does not enlighten us! A man may be properly censured for culpable ignorance but when history fails to inform him is it fair to condemn him for his want of knowledge? Yet, with all is pretentious fuss, we suspect we know as much about the matter in question as the *Republican*. At any rate Mr. ROBISON is not going to the Legislature this fall.

THE attempt of certain Republicans at their recent convention in this county to crowd out the office-holders' "ring" and prevent it from handling and pocketing the electioneering fund furnished by government stealings, was funny but highly successful! ABBOTT triumphed over the "ring" and succeeded in getting a committee that has elected Mr. JOSEPH SHARPLESS chairman. But the "ring" will triumph in the end—they have the inside track—they will get the money—and precious careful will they be that Mr. SHARPLESS does not get the handling of it! They have so finely feathered their nests heretofore that they wont readily yield now. Look out for them, Mr. Chairman!

U. S. SENATOR WILSON, of Massachusetts, has been at Washington begging the Administration to compel some of its office-holders in that State to cease their support of BUTLER for Governor! SUMNER, WILSON and the parlor politicians generally, as well as the snob aristocrats, are against the great spooney, yet they are all filled with fear and trembling at the prospect of his success! Sincerely hoping for the disgrace of Massachusetts, that the harlot may become an eyesore to all men, and that her insolent and meddlesome managing sons may be thoroughly politically cursed, we hope for BEN'S success! To be crushed by a filthy monster she had nursed would be a just fate for Massachusetts!

How They Do It.

The Austin (Texas) *Statesman*, published by namesakes of ours of whom we never heard before we saw their paper, thus tell how Radical Congressmen get rich! The *Statesman* says:—Some unsophisticated chap up North, doubtless living in one of the rural districts, says it is a very remarkable fact that speaker BLANE, who ten years ago was a member of the Maine Legislature, on a salary of $150 per annum, and whose salary as speaker is only $5000, is now a millionaire.

Why, there's nothing remarkable about it at all; its the simplest thing in the world. If the poor, benighted individual who made the remark referred to, will only come to Texas, visit Austin and consult with the Governor, the Attorney General, the Adjutant General and the Secretary of State, the whole mystery will be explained quicker than a mule can kick. The mystery consists simply in the scientific application of a beautiful and newly discovered principle of government, namely, to tax and steal, and then to tax and steal again, and then to tax and steal again, and so on to the end of the chapter—and then to tax and steal the whole thing all over again, because it was not well done at first!

FLAGS! FLAGS!!

"Hang out our Banners on the Outer Walls!!"

A Flag will be presented to the Election District of Columbia county which shall give the greatest proportional increase of vote for the Democratic State Ticket over its Democratic vote for Governor in 1869.

Also, a second Flag to the District which shall give the best support to the Democratic Ticket upon its party vote polled, the latter not to fall below the Democratic vote of the District in 1869.

These Banner Flags to be adjudged to the winning Districts by the Democratic Standing Committee, upon the official returns of the election being announced.

Democratic vote of county for Governor in 1869, 3714: For President in 1868, 4022.

Now for the BANNERS! WHO WILL WIN?

THE Radical leaders are manœuvring secretly. Democrats, be on your guard at all points. Whenever a trick is discovered expose it.

THE Radicals of the Bradford district have thrown Col. MASON overboard and nominated Mr. FITCH, of Susquehanna, for Senator.

TEN years of Radical misrule, ten years of tyranny and usurpation, if nothing more, should make every Democrat "prompt to duty," give courage to the heart, and nerve the arm in the coming contest. Now is the time to strike!

THE government having failed to settle the accounts of Paymaster HODGE at the proper time, it is now contended that his bondsmen are not responsible for the defalcation. This is a fair specimen of the manner in which the GRANT administration takes care of the affairs of the nation.

THE Democracy of California through local dissensions have lost that State. Democrats of Pennsylvania, profit by the lesson and strike as one man for victory in October. Your success then will make up and wipe out a dozen such defeats as we have suffered in California.

2,000.

The Democrats of Columbia county are capable of giving their State ticket TWO THOUSAND MAJORITY. Will they do it? All that is required is for them to GET OUT EVERY VOTE! We have the voters—only get them to cast their ballots. Let every Democrat do his best to get out a full vote.

New Mexico--Official.

The official returns from New Mexico foot up as follows, for Congress:

GALLEGOS, Democrat,	7670	votes.
CHAVES, Republican,	5285	"
LEMA, Independent,	2531	"

The "independents" hold the balance of power in both branches of the Legislature.

The Rebel Flag in Berks!

The Radical convention of Berks county recently elected THOMAS D. FISTER, a rebel navy Lieutenant, a delegate to their next national convention. As GRANT appointed Gen. LONGSTREET to a very lucrative office in New Orleans, and also appointed a rebel Major Attorney General of the United States, the Berks Radicals claim that their action is consistent with that of their chief! So it is!

PLUCKY.—The Democrats of Lancaster county have determined to nominate a full county ticket. We regard this course as a wise one. Wherever a party for temporary success or for the sake of "demoralizing" its opponent, resorts to the support of bolters, it is sure to lose in the end. It will inevitably demoralize itself more than its opponent. We congratulate our friends in Lancaster on this exhibition of stamina. The Democrats of Erie have done likewise and *equally deserve* honor!

To the Front!

The line of battle is marked out.

The ranks of the Democracy are in motion.

Every man is expected to do his duty and contribute his mite to insure a grand and overwhelming victory at the polls in October.

Let a spirit of emulation and generous rivalry be encouraged between the various voting divisions, and let each strive to outdo the other in increasing the number of Democratic votes.

We have a cunning and a desperate foe to deal with, one who will scruple at no means to accomplish desired results.

Trickery and bribery,

Corruption in all its forms,

Money, promises, and in fact all the enginery so successfully practised in the past, is to be used now, in the present campaign, by the Radical leaders, to get hold of the public treasury, and plunder the people.

Forewarned let the Democracy be forearmed.

See to it that every man is at his post and understands his duty.

There is not a single name on the State or County ticket but an honest man should feel proud to vote for.

Then, let no one suffer to the extent of a single vote, and shun as you would poison, the man who asks you to deface your ballot by scratching a name therefrom.

Let every Democrat make the triumphant success of the whole ticket a personal matter.

Hunt up the young men and get them enlisted in the fight.

Counsel with the old men, and let union, harmony and Democratic majorities be synonymous terms in every township of the county.

Upon the result in this and a few other counties susceptible of proportionate increase in their majorities, the redemption of the Commonwealth from Radical taxation and oppression—from the shoal of corrupt politicians and hangers on, it has fed out of the public crib,—depends,

United, determined, Individual effort will accomplish this and reward those who have battled for it, with such a victory on the 10th of October, as will forever wipe out the substance and shadow of Radicalism in the County and State.

This is no time for laggards.

To the front, then, every Democrat, and let the result not only be an

Overwhelming Democratic victory, but a total and complete rout of Radicalism.—*Lycoming Standard.*

TO TAX COLLECTORS.

The commissioners of the proper county, and the supervisors and overseers of the poor of the proper township, as the case may be, shall at all times make abatement or exonerations for mistakes, indigent persons, unseated lands, &c., as to them shall appear just and reasonable, and the commissioners shall direct their clerk to enter in a book or books, to be kept for that purpose, the names of all persons abated or exonerated, together with the reason why, the amount and date when made, and give the collector a certificate directed to the county treasurer, stating the nature of the tax and the amount exonerated, in order to make settlement accordingly, and the same course shall be pursued by the supervisors and overseers of the poor, with respect to exonerations of township rates and levies.—(sec. 8, Act, April 15, 1834.)

This law undoubtedly is just. The exonerations could not always be made with due care, as collectors would often come to the office in a body on the first days of Court, when other business too much engrossed our attention, which prevented us from giving thorough examination to cases presented. It is law and justice for Collectors to claim final exonerations of the Commissioners and make payment to them during the year for which they are appointed. Otherwise allowing Collectors to lay over a year, many persons move out of the district and are not to be found.

Some take advantage of this, and such too who are amply able to pay. Many Collectors feel timid in enforcing the law upon such persons, and allow them to escape rather than take their goods or bodies as by law they are required. This should not be, as those who do not want to pay their taxes should be required to pay just as well as those who pay willingly.

Collectors have authority to take such persons, if no goods or chattles can be found, and convey them to the county jail, and we especially require them to do so.

We have fixed on Monday, Tuesday and Wednesday, November 6th, 7th and 8th next, for Collectors to attend, at the Commissioners office, and claim their final exonerations, abatements, &c., as none will be made after that date, and to pay the balance of their duplicates if possible.

We expect Collectors to pay up promptly. Collectors have all been written to and notified of these facts and on which of the above named days they are to be here.

The six new bridges which are and will be put up this summer, with road damage to be paid to different persons throughout the county, will cost about $11,000. Now add to this the cost of keeping in repair about 70 old bridges with the Court, prison and election expenses, and other items too numerous to mention here, will readily explain why the money is needed. The available amount of county tax, after commissions and exonerations are off, is about $20,000.

By General Statute, act of 11th April, 1851, it shall be lawful for any person to shoot or kill any dog found or known to be worrying or chasing sheep, or accustomed so to do—without liability to the owner.

And the owner shall be liable for all damages done or caused to be done by such dog or dogs, in an action of trespass vi. et. armis, before a Justice.

If a dog shall have been known to worry sheep and information thereof be given to his owner, it is the duty of the owner to kill him. If the owner do not kill him he shall make full compensation for the damage done, and any person seeing such a dog running at large may kill him—7. Harris, 359.

This is part of the Old Law (and is not repealed). Different persons have been named as refusing to kill their dogs after knowing that they killed sheep. Why a person can reasonably think that he would be allowed to keep a dog known to kill sheep, is really a mystery. It is both unreasonable and unlawful.

If kill-sheep dogs are thus permitted to run at large, the sheep fund must sink.

It is for the good of the citizens of the county that we give this information.

In several regions of the county a large number of sheep have lately been killed by such dogs.

The auditors will please, in all cases, report if they can ascertain whose dog killed the sheep they are called upon to appraise, and if the owner knew or had notice of the propensity of the dog, and we will assist them and the owners of the sheep destroyed, to bring such persons to justice.

PUBLIC NOTICE.—Whereas, by the 11th section of the Act of the General Assembly of the Commonwealth of Pennsylvania, approved May 24, A. D. 1871, entitled "An act for the protection of salmon, black bass and other food fishes newly introduced, or to be introduced, into the rivers Delaware and Susquehanna and their tributaries; for the protection also of classes against unlawful fishing, and to prevent the introduction of predatory fishes into trout streams, and for other germane purposes;" it is made the duty of the several Sheriffs of the counties of said Commonwealth having jurisdiction of the streams thereof, whenever they shall discover, or be informed of the existence of any contrivance for the catching of fish, such as are commonly known as fish baskets, eel weirs, kiddies, brush or fascine nets, or any other permanently set means of taking fish, in the nature of a seine, to give ten days notice in two newspapers of their respective counties, that the said contrivances are known to exist, and are declared common nuisances, and to order them to be dismantled by their owners or managers—therefore, in conformity to said act, I, AARON SMITH, Sheriff of Columbia county, hereby give

Notice to All Whom it May Concern,

that the contrivances for the taking of fish in said act mentioned are known to exist in the North Branch of the Susquehanna river, and other streams within the county of Columbia, that the same are declared to be common nuisances, and that the owners and managers of said contrivances are hereby required to dismantle and remove the same within ten days after the publication hereof, under the penalty of having the same dismantled and removed, as in said act is provided.

THE Dushore *Free Press* has been enlarged and improved in typography.

THERE will be three tickets voted in Columbia county at the ensuing election, to wit: One headed STATE, one JUDICIARY, and one COUNTY.

THE *Republican* believes our County officials are not honest because the taxes of its editors are so high. Please, Messrs. Editors, tell us publicly what your joint county taxes are?

INQUIRER.

IN the several townships of the county no township officers will be chosen at the approaching election. Under the act of the last session of the Legislature the time of their election is restored to the 3d Friday in March of each year. The next election of township officers will therefore be in March, 1872.

THE editor of the *Republican* was at the State Fair and from his own account we judge he saw little else than "the fair." He says they "gave him a fair pressure" (usually the other way) and somebody "made a fair impression" on somebody else! All "fair," no doubt, but cool!

TICKETS.—The full Democratic ticket is now printed and ready for distribution. C. G. BARKLEY, Esq., chairman of the Standing committee, will distribute the packages to the respective districts. Individual Democrats may obtain supplies for their own use *gratis* at this office. Call and get them.

WE had the pleasure a few days ago to look in upon the elegant and substantial assortment of clothing and cloths in the store of Mr. A. J. EVANS. Any one that cannot be there suited in quality, style and price must be hard to please, indeed. Mr. E. is well prepared to furnish everybody with whatever may be wanted in his line. See advertisement.

MR. LOWENBERG's new building is rising up rapidly from the ruins of the 4th of July fire and begins to show its fine proportions. Our good looking friends, and every body else, who want to show their fine proportions will do well to bear in mind that Mr. L. has just returned from New York with an unusual assortment of elegant clothing and cloths of a variety of patterns, quality and prices—all good and cheap.

AT the approaching election the following Town officers will be chosen in Bloomsburg: Two Constables, two Assessors of taxes and two School Directors. The Free vote will, of course, apply to their election, so that each party will elect one person to each office. Judges and inspectors of elections for the two election districts of East and West Bloomsburg will *not* be chosen at this time as the act incorporating the town makes no provision for their election. They must therefore be chosen under the general election laws next spring.

THE great hail storm that passed over parts of Northumberland, Montour and Lycoming counties in July destroyed all the fruit in that region. Afterwards many apple and other fruit trees again blossomed and put forth fruit, but many disbelieved this statement. A gentleman of this place, who owns lands in the vicinity of Washingtonville, last week presented us with a small lot of these second crop apples which may be seen at this office. We suppose that the recent frosts destroyed all fruit of this character; otherwise it would have grown large enough for use.

THE *Republican* this week says if our officials are so honest why are our taxes so high? In the strong Republican county of Lancaster, in this State, the taxes are abut ten times as high as ours are, with only four times the voters we have, where, to make the best of it, they should be but four times as high. This is but a simple of Republican counties generally. Yet this veracious newspaper talks about extravagance here. How much would the county taxes of the editors be if they were 20 per cent. less than now? Will the *Republican* answer?

A LOOKER ON.

THE present season has been one of unusual sickness in this section, particularly in regard to bilious ailments. The information we gather from all the towns along both branches of the Susquehanna is to the same effect and it would seem that generally throughout the country miasmatic influence has been unusually active and productive of sickness. The price of quinine has gone up greatly in the cities in consequence of the unusual demand for it, (particularly from the western States), and it is said that heavy orders for its importation have been sent to Europe.

THE indications are that our next county Fair will be one of unusual attraction. The success of the Fair depends mainly on the people, and in view of this we would urge exhibitors to make their arrangements accordingly. Let them get their stock in good order, their grains cleaned, produce selected, machines scoured, fancy work finished, fruits canned with particular care and flowers prepared, in short, all articles made ready which it is proposed to place on exhibition. The season has been bountiful and if we do not surpass all former exhibitions the fault is ours.

NOTHING succeeds like success. The city of Berlin, since it has been proved to be the capital of the most warlike and most victorious of modern European nations, has become very popular as a place of residence with all classes of people. Fifty thousand persons were added to the population of that city during the first six months of the present year, while during the whole year 1870, but 229 persons emigrated from the capital to America or Australia.

THE APPROACHING FAIR.—One of the main difficulties found in our State Fairs is the complicated complexion of the various committees. As a rule they are strangers to each other, and know nothing about their duties.

The managers of our County Fair have wisely avoided these difficulties, and the appointment of Judges in the various departments is so apt, that it challenges general remark.

For example, is it not proper that the committee on "vehicles" should be doctors, and the committee on chickens should all be ministers of the gospel! Again, the selection of our esteemed friend LLOYD PAXTON as Superintendent of the committee on "Household Manufactures" was entirely appropriate, as was that of his partner, J. H. HARMAN and his *colleagues* on "Fancy Articles and Flowers." It cannot be alleged that he and his associates are strangers!

But the best appointment of all was that of the Executive committee on "Wines and Liquors," they having appointed themselves! OBSERVER.

make careful inquiry if any person whose name is on his list has died or removed from the district, and if so, to take the same therefrom, or whether any qualified voter resides therein whose name is not on his list, and if so, to add the same thereto; and in all cases where a name is added to the list a tax shall forthwith be assessed against the person; and the assessor shall in all cases ascertain, by inquiry, upon what ground the person so assessed claims to be a voter. Upon the completion of this work, it shall be the duty of each assessor as aforesaid to proceed to make out a list, in alphabetical order, of the white freemen above twenty-one years of age, claiming to be qualified voters in the ward, borough, township or district of which he is the assessor, and opposite each of said names state whether said freeman is or is not a house-keeper; and if he is, the number of his residence, in the town where the same is numbered, with the street, alley or court in which situated; and if in a town where there are no numbers, the name of the street, alley or court on which said house fronts; also, the occupation of the person; and where he is not a house-keeper, the occupation, place of boarding and with whom, and if working for another, the name of the employer, and write opposite each of said names the word "voter;" where any person claims to vote by reason of naturalization, he shall exhibit his certificate thereof to the assessor, unless he has been for five or more consecutive years next preceding a voter in said district; and in all cases where the person has been naturalized, the name shall be marked with the letter "N;" where the person has merely declared his intentions to become a citizen and designs to be naturalized before the next election, the name shall be marked "D. I.;" where the claim is to vote by reason of being between the ages of twenty-one and twenty-two, as provided by law, the word "age" shall be entered; and if the person has moved into the election district to vote since the last general election, the letter "R." shall be placed opposite the name. It shall be the further duty of each assessor as aforesaid, upon the completion of the duties herein imposed, to make out a separate list of all new assessments made by him, and the amounts assessed upon each, and furnish the same immediately to the county commissioners, who shall immediately add the names to the tax duplicate of the ward, borough, township or district in which they have been assessed.

SEC. 2. On the list being completed, and the assessments made, as aforesaid, the same shall forthwith be returned to the county commissioners, who shall cause duplicate copies of said lists, with the observations and explanations required to be noted as aforesaid, to be made out as soon as practicable, and placed in the hands of the assessor, who shall, prior to the first of August in each year, put one copy thereof on the door of or on the house where the election of the respective district is required to be held, and retain the other in his possession for the inspection, free of charge, of any person resident in the said election district who shall desire to see the same; and it shall be the duty of the said assessor to add from time to time, on the personal application of any one claiming the right to vote, the name of such claimant, and mark opposite the name "V.;" and immediately assess him with a tax, noting, as in all other cases, his occupation, residence, whether a boarder or a house-keeper; if a boarder, with whom he boards; and whether naturalized or designing to be, marking in all such cases the letters opposite the name "N." or "D. I.," as the case may be; if the person claiming to be assessed be naturalized, he shall exhibit to the assessor his certificate of naturalization; and if he claims that he designs to be naturalized before the next ensuing election, he shall exhibit the certificate of his declaration of intention; in all cases where any ward, borough, township, or election district is divided into two or more precincts, the assessor shall note in all his assessments the election precinct in which each elector resides, and shall make a separate return for each to the county commissioners, in all cases in which a return is required from him by the provisions of this act; and the county commissioners, in making duplicate copies of all such returns, shall make duplicate copies of the names of the voters in each precinct, separately, and shall furnish the same to the assessor; and the copies required by this section to be placed on the doors of or on election places on or before the first of August in each year, shall be placed on the door of or on the election place in each of said precincts.

one hundred dollars, or to imprisonment not exceeding three months, or both, at the discretion of the court.

SEC. 11. On the petition of five or more citizens of the county, stating under oath that they verily believe that fraud will be practiced at the election about to be held in any district, it shall be the duty of the Court of Common Pleas of said county, if in session, or if not a judge thereof in vacation, to appoint two judicious, sober and intelligent citizens of the county to act as overseers at said election; said overseers shall be selected from different political parties where the inspectors belong to different parties, and where both of said inspectors belong to the same political party, both of the overseers shall be taken from the opposite political party; said overseers shall have the right to be present with the officers of the election during the whole time the same is held, the votes counted and the returns made out and signed by the election officers; to keep a list of voters, if they see proper; to challenge any person offering to vote, and interrogate him and his witness under oath, in regard to his right of suffrage at said election, and to examine his papers produced; and the officers of said election are required to afford to said overseers so selected and appointed every convenience and facility for the discharge of their duties; and if said election officers shall refuse to permit said overseers to be present and perform their duties as aforesaid, or if they shall be driven away from the polls by violence or intimidation, all the votes polled at such election district may be rejected by any tribunal trying a contest under said election: *Provided*, That no person signing the petition shall be appointed an overseer.

SEC. 12. If any prothonotary, clerk, or the deputy of either, or any other person, shall affix the seal of office to any naturalization paper, or permit the same to be affixed, or given out, or cause or permit the same to be given out, in blank, whereby it may be fraudulently used, or furnish a naturalization certificate to any person who shall not have been duly examined and sworn in open court, in the presence of some of the judges thereof, according to the act of Congress, or shall aid in, connive at, or in any way permit the issue of any fraudulent naturalization certificate, he shall be guilty of a high misdemeanor; or if any one shall fraudulently use any such certificate of naturalization, knowing that it was fraudulently issued, or shall vote, or attempt to vote, on any certificate of naturalization not issued to him, he shall be guilty of a high misdemeanor; and either or any of the persons, their aiders or abettors, guilty of either of the misdemeanors aforesaid, shall, on conviction, be fined in a sum not exceeding one thousand dollars, and imprisonment in the proper penitentiary for a period not exceeding three years.

SEC. 13. Any person who on oath or affirmation, in or before any court in this State, or officer authorized to administer oaths, shall, to procure a certificate of naturalization, for himself or any other person, wilfully depose, declare or affirm any matter to be fact, knowing the same to be false, or shall in like manner deny any matter to be fact, knowing the same to be true, shall be deemed guilty of perjury; and any certificate of naturalization issued in pursuance of any such deposition, declaration or affirmation, shall be null and void; and it shall be the duty of the court issuing the same, upon proof being made before it that it was fraudulently obtained, to take immediate measures for recalling the same for cancellation, and any person who shall vote, or attempt to vote, on any paper so obtained, or who shall in any way aid in, connive at, or have any agency whatever in the issue, circulation or use of any fraudulent naturalization certificate, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall undergo an imprisonment in the penitentiary for not more than two years and pay a fine, not more than one thousand dollars for every such offence, or either or both, at the discretion of the court.

Patent Medicines.

ONE MILLION OF LIVES SAVED.

It is one of the remarkable facts of this remarkable age, not merely that so many persons are the victims of dyspepsia or indigestion, but its willing victims. Now, we would not be understood to say that any one regard dyspepsia with favor, or feels disposed to rank it among the luxuries of life. Far from it. Those who have experienced its torments would scout such an idea. All dread it, and would gladly dispense with its unpleasant familiarities. Mark Tapley, who was jolly under all the trying circumstances in which he was placed, never had an attack of dyspepsia, or his jollity would have speedily forsaken him. Men and women sometimes endure its tortures uncomplainingly, but whoever heard of a person who enjoyed them?

Of all the multitudinous diseases to which the human system is liable, there is perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal; but none, the effect of which are so depressing to the mind and so positively distressing to the body. If there is a wretched being in the world it is

A CONFIRMED DYSPEPTIC.

But it is not our intention to discant on the horrors of Dyspepsia. To describe them truthfully is simply an impossibility, it is possible to point out a remedy. We have said that dyspepsia is perhaps the most universal of human diseases. This is emphatically the case in the United States. Whether this general prevalence is due to the character of the food, the method of its preparation, or the hasty manner in which it is usually swallowed, is not our province to explain. The great fact with which we are called to deal is this:

DYSPEPSIA PREVAILS

almost universally.

Nearly every other person you meet is a victim, and apparently willing one; for were this not the case why so many sufferers, when a certain, speedy and safe remedy is within the easy reach of all who desire to avail themselves of it? But the majority will not. Blinded by prejudice, or deterred by some other unexplained influence, they refuse to accept the relief proffered them. They turn a deaf ear to the testimony of the thousands whose sufferings have been alleviated, and with strange infatuation, appear to cling with desperate determination to their ruthless tormentor. But says a dyspeptic: What is this remedy? to which we reply: This great alleviator of human suffering is almost as widely known as the English language. It has allayed the agonies of thousands, and is to-day carrying comfort and encouragement to thousands of others. This acknowledged panacea is none other than

DR. HOOFLAND'S GERMAN BITTERS.

Would you know more of the merits of this wonderful medicine than can be learned from the experience of others? Try it yourself, and when it has failed to fulfil the assurance of its efficacy given by the proprietor, then abandon faith in it.

LET IT BE REMEMBERED,

first of all, that HOOFLAND'S GERMAN BITTERS is not a rum beverage.

They are not alcoholic in any sense of the term. They are composed wholly of the pure juice or vital principle of roots. This is not a mere assertion. The extracts from which they are compounded are prepared by one of the ablest of German chemists. Unlike any other Bitters in the market, they are wholly free from spirituous ingredients. The objections which hold with so much force against preparations of this class, namely—that a desire for intoxicating drinks is stimulated by their use, are not valid in the case of the German Bitters. So far from encouraging or inculcating a taste or desire for inebriating beverages, it may be confidently asserted that their tendency is in a diametrically opposite direction. Their effects can be

BENEFICIAL ONLY

in all cases of the biliary system. Hoofland's German Bitters stand without an equal, acting promptly and vigorously upon the Liver; they remove its torpidity and cause healthful secretion of bile—thereby supplying the stomach with the most indispensable elements of sound digestion in proper proportions. They give tone to the stomach—stimulating its functions, and enabling it to perform its duties as nature designed it should do. They impart vigor and strength to the entire system, causing the patient to feel like another being—in fact, giving him a new lease of life.

THEY PURIFY THE BLOOD,

cleansing the vital fluid of all hurtful impurities and supplanting them with the elements of genuine healthfulness. In a word, there is scarcely a disease in which they cannot be safely and beneficially employed; but in that most generally prevalent distressing and dreaded disease, Dyspepsia,

THEY STAND UNRIVALED.

Now, there are certain classes of persons to whom extreme Bitters are not only unpalatable but who find it impossible to take them without positive discomfort. For such

DR. HOOFLAND'S GERMAN TONIC

has been specially prepared. It is intended for use where a slight alcoholic stimulant is required in connection with the well-known tonic properties of the pure German Bitters. This Tonic contains all the ingredients of the Bitters, but so flavored as to remove the extreme bitterness. This preparation is not only palatable but combines, in modified form, all the virtue of the German Bitters. The solid extracts of some of Nature's choicest restoratives are held in solution by a spirituous agent of the purest quality. In cases of languor or excessive debility where the system appears to have become exhausted of its energies,

HOOFLAND'S TONIC

acts with almost marvelous effect. It not only stimulates the flagging and wasting energies, but invigorates and permanently strengthens its action upon the Liver and Stomach thorough, perhaps less prompt than the Bitters, when the same quantity is taken is none the less certain. Indigestion, Biliousness, Physical or Nervous Prostration, yield readily to its potent influence. It gives the invalid a new and stronger hold upon life, removes depression of spirits, and inspires cheerfulness. It supplants the pain of disease with the ease and comfort of perfect health. It gives strength to weakness, throws despondency to the winds, and starts the restored invalid upon a new and gladsome career. But Dr. Hoofland's benefactions to the human race are not confined to his celebrated

GERMAN BITTERS,

or his invaluable Tonic. He has prepared another medicine, which is rapidly winning its way to popular favor because of its intrinsic merits. This is

HOOFLAND'S PODOPHYLLIN PILLS,

a perfect substitute for mercury, without any of mercury's evil qualities.

These wonderful Pills, which are intended to act upon the Liver, are mainly composed of Podophyllin, or the

VITAL PRINCIPLE OF THE MANDRAKE

Now we desire the reader to distinctly understand that this extract of the Mandrake is many times more powerful than the Mandrake itself. It is the medicinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. Hence it is that two of the Podophyllin Pills constitute a full dose, while anywhere from six to eight or a handful of other preparations of the Mandrake are required. The Podophyllin

ACTS DIRECTLY ON THE LIVER,

stimulating its functions and causing it to make its biliary secretions in regular and proper quantities. The injurious results which invariably follow the use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is skillfully combined with four other extracts, one of which acts upon the stomach, one upon the upper bowels, one upon the lower bowels, and one prevents any griping effect, thus producing a pill that influences the entire digestive and alimentary system, in an equal and harmonious manner, and its action entirely free from nausea, vomiting or griping pains common to all other purgatives.

Possessing these much desirable qualities, the Podophyllin becomes invaluable as a

FAMILY MEDICINE.

No household should be without them. They are perfectly safe, require but two for an ordinary dose, are prompt and efficient in action, and when used in connection with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain specifics in all cases of Liver Complaint, Dyspepsia, or any of the disorders to which the system is ordinarily subject. The

PODOPHYLLIN PILLS

act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appetite to the stomach, and thus build up the invalid anew.

Dr. Hoofland, having provided internal remedies for diseases, has given the world one mainly for external application, in the wonderful preparation known as

DR. HOOFLAND'S GREEK OIL.

This Oil is a sovereign remedy for pains and aches of all kinds.

Rheumatism, Neuralgia, Toothache, Chilblains, Sprains, Burns, Pain in the Back and Loins, Ringworms, &c., all yield to its external application. The number of cures effected by it is astonishing, and they are increasing every day.

Taken internally, it is a cure for Heart-burns, Kidney Diseases, Sick Headaches, Colic, Dysentery, Cholera Morbus, Cramps, Pains in the Stomach, Colds, Asthma, &c.

The Greek Oil is composed entirely of healing gums and essential oils. The principal ingredient is an oily substance, procured in the southern part of Greece. Its effects as a destroyer of pain are truly magical. Thousands have been benefited by its use, and a trial by those who are skeptical will thoroughly convince them of its inestimable value.

These Remedies will be sent by express to any locality, upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, 631 Arch St., Philadelphia.

CHAS. M. EVANS, Proprietor.

These Remedies are for sale by Druggists, Storekeepers, and Medicine Dealers everywhere.

A Demagogue Described and Exposed.

FALSTAFF COOMBE AND HIS BRETHREN.

The Reverend Pennel Coombe is a greasy ecclesiastic, of the weight of some three hundred pounds, whose tabernacle of lard has been visible on the platform at nearly all the temperance meetings that have been held in Harrisburg for twentyyears or more. Pennel was "loyal to the core" during the war, but staid at home with sounder reasons for his cowardice than most of his Radical brethren. His apology for not shouldering his musket and hieing to the tented field was two fold. In the first place, to expect a man who could under no circumstances *run*, but could, at best, only waddle, to put himself into a position where nimble legs are often appliances of the most urgent necessity, is asking far to much of patriotism. And, in the second place, the enormous surface that Pennel would have exposed to the rebel bullets would have made his death in the first battle absolutely certain. The balls *couldn't* have missed him. He would have stood directly in the way of at least forty in each volley.

But Brother Coombe, if he did stay at home, was not idle. He fought the Copperheads with all the wind that he could pump out of his monstrous chest He used to make stump speeches on hot nights with such reckless energy of gesture, and bawl and bellow so lustily, that his hearers would grow alarmed as the oleaginous torrents of sweat streamed from his fat jowls, and fear that the holy patriot would be transmuted before their eyes, into an enormous greasespot. It was for this reason that the loyal ladies used always to take up the carpet on the platform where he was to speak and spread an oil cloth under him. It was mean economy, but then Radicals will do mean things, you know.

Since the war, Brother Coombe has resumed the business of lecturing on temperance, and has, until a very recent period, been regarded as a most devoted and sincere enemy of the maddening bowl. But, unhappily for his good name, he has recently made it manifest that his care for the public morals is altogether subordinate to his affectionate interest in Black Republican politics. He has always advocated loudly, beginning twenty years ago, the policy of legislating the people sober, and has appeared at Harrisburg more than once, to bore for the Maine Law. His associates, who agreed with him in the scheme of making the manufacture and sale of liquors penal, and most of whom shared his politics, have tried in vain to bring the representatives of the "God and Morality" party in the legislature to make a practical assertion of their claim to that name in the shape of a stringent prohibitory law. But they discovered, to their sorrow, that the chaps whom they had helped to elect were quite as indifferent to the great cause as the Copperhead Democracy of whom they, of course, scorned to ask assistance. Disgusted at last and wearied out, the large body of these enemies of the cup resolved that the temperance question was one of far higher public interest than any political scheme that now employs the minds of statesmen, and that, since the Radical party was too cowardly to extend them aid, they would make a ticket of their own and send men to the capital who could be trusted to do their bidding. Accordingly, they held a convention at which Mr. James Black of Lancaster, one of their most trusted and experienced leaders, presided, and avowed their new departure in no uncertain language. In pursuance of the policy agreed upon at this convention, many counties, and among them Dauphin, have nominated a separate temperance ticket with large bodies of voters pledged to support it.

But all this time where was Brother Coombe? Of course, one would naturally answer, that he was somewhere in the van of the new movement—slowly but stoutly waddling and puffing at the column, and bellowing with his leather lungs words of cheer to his halting comrades. Alas—we blush to tell it—Pennel *was not there*. He was not even peaceably at home in bed, or eating his nightly "fry." He was in the field against his old brethren and is there still. He has mounted the stump against them. He has written letters and newspaper articles against them. He has joined the faithless partisans who "believe in prohibition, but don't think it is to the interest of the Radical party to agitate the question now."

He is so exceeding mad against his old associates that he is capable of any indecent device to mortify or damage them. In proof of this we have only to recite an incident that happened at Harrisburg week before last. Brother Coombe announced that he would address his fellow temperance men in the Court House, on an evening specified in the bill, upon their duty to vote the Black Republican ticket. He also *challenged discussion*. A meeting assembled at which the element disgusted by Pennel's base betrayal of the great cause was largely represented. It was expected that Mr. Black of Lancaster would reply to him and that his remarks would be seconded by Doctor Washington Barr, an eminent physician of Harrisburg, somewhat famous as a spiritual medium in high favor with Washington, Franklin, and other reputable ghosts, and also as the inventor of a pile ointment of rare potency which has done much to alleviate human suffering. When Pennel had finished his harangue and had delivered himself of all the hard sayings that he could devise against the majority of the audience, Mr. Black rose to reply. But, scarcely had he begun, when the gas was abruptly turned off and the hall was shrouded in utter darkness. In the confusion that ensued Brother Coombe sneaked off and the meeting was broken up. The indignation of the assembly may be imagined. It rose almost to madness when it was learned that Brother Coombe was giving it out to the newspaper reporters that the turning off of the gas was a scheme of Black's, who, knowing his inability to reply, had adopted this trick to escape exposure. Then it was that the thoughts of the betrayed people took form in words. We think even Pennel would have blushed to hear ladies who once worshipped the very ground he walked on (there was a good deal of it to worship) calling him "a nasty hypocrite," "a greasy wretch," "a bloated old humbug," and other pet names. The men were more terse and pronounced Pennel "a great big hog." Indeed, the bitterness of the feeling was such that, when the reverend renegade, during the course of the night, applied to Dr. Barr for medical aid (the nature of his malady can be inferred from the remedy desired) that gentleman refused to sell him a box of the ointment at any price.

This treacherous trick of Brother Coombe did much to forward the movement in Dauphin for a seperate temperance ticket and will probably eventuate in the defeat of the Radicals in that county at the coming election.

A Ku-Klux.—A Georgia gentleman related to us the other day, the following account of the appearance of the only Ku-Klux he had ever heard of in that State. On one occasion Bishop Beckwith went into the upper part of the State to consecrate a church, and there being no robing room he went out into the grave yard to put on his sacred robes, behind a tomb. A negro near by, seeing the white spectral figure rise up from among the tombs, believed it to be one of the much-dreaded clan, and cried "Ku-Klux" as loud as he could. The negroes all round took it up, and within ten minutes there was not "a friend and brother" to be found within a mile of the church.

Why the bishop has not been subpœnied before the Congressional Smelling Committee is a mystery to us.

CONSUMPTION,

ITS CURE AND ITS PREVENTIVE,

BY J. H. SCHENCK, M. D.

Many a human being has passed away, for whose death there was no other reason than the neglect of known and indisputably proven means of cure. Those near and dear to family and friends are sleeping the dreamless slumber into which, had they calmly adopted

DR. JOSEPH H. SCHENCK'S SIMPLE TREATMENT,

and availed themselves of his wonderful efficacious medicines, they would not have fallen.

Dr. Schenck has in his own case preserved that wherever sufficient vitality remains, that vitality, by his medicines and his directions for their use, is quickened into healthful vigor.

In this statement there is nothing presumptuous. To the faith of the invalid is made no representation that is not a thousand times substantiated by living and visible works. The theory of the cure by Dr. Schenck's medicines is as simple as it is unfailing. Its philosophy requires no argument. It is self-assuring, self-convicting.

The Seawood Tonic and Mandrake Pills are the first two weapons with which the citadel of the malady is assailed. Two-thirds of the cases of consumption originated in dyspepsia and a functionally disordered liver. With this condition, the bronchial tubes "sympathize" with the stomach. They respond to the morbific action of the liver. Here then comes the culminating result, and the setting in, with all its distressing symptoms, of

CONSUMPTION.

The Mandrake Pills are composed of one of Nature's noblest gifts—the Podophillum Peltatum. They possess all the blood-searching, alterative properties of calomel, but unlike calomel, they

"LEAVE NO STING BEHIND,"

The work of cure is now beginning. The vitiated and mucous deposits in the bowels and in the alimentary canal are ejected. The liver, like a clock, is wound up. It arouses from its torpidity. The stomach acts responsively, and the patient begins to feel that he is getting at last,

A SUPPLY OF GOOD BLOOD.

The Seaweed Tonic, in conjunction with the Pills, permeates and assimilates with the food. Chylification is now progressing without its previous tortures. Digestion becomes painless, and the cure is seen to be at hand. There is no more flatulence, no exacerbation of the stomach. An appetite sets in.

Now comes the greatest Blood Purifier ever yet given by an indulgent father to suffering man. Schenck's Pulmonic Syrup comes in to perform its functions and to hasten and complete the cure. It enters at once upon its work. Nature cannot be cheated. It collects and ripens the impaired and diseased portions of the lungs. In the form of gatherings, it prepares them for expectoration, and lo! in a very short time the malady is vanquished, the rotten throne that it occupied is renovated and made new, and the patient, in all the dignity of regained vigor, steps forth to enjoy the manhood or the womanhood that was,

GIVEN UP AS LOST.

The second thing is, the patients must stay in a warm room until they get well; it is almost impossible to prevent taking cold when the lungs are diseased, but it must be prevented or a cure cannot be effected. Fresh air and riding out, especially in this section of the country in the fall and winter season, are all wrong. Physicians who recommend that course lose their patients, if their lungs are badly diseased, and yet, because they are in the house they must not sit down quiet; they must walk about the room as much and as fast as the strength will bear, to get up a good circulation of blood. The patients must keep in good spirits—be determined to get well. This has a great deal to do with the appetite, and is the great point to gain.

To despair of cure after such evidence of its possibility in the worst cases, and moral certainty in all others, is sinful. Dr. Schenck's personal statement to the Faculty of his own cure was in these modest words:

"Many years ago I was in the last stages of consumption; confined to my bed, and at one time my physicians thought that I could not live a week; then, like a drowning man catching at straws, I heard of and obtained the preparations which I now offer to the public, and they made a perfect cure of me. It seemed to me that I could feel them penetrate my whole system. They soon ripened the matter in my lungs, and I would spit up more than a pint of offensive yellow matter every morning for a long time.

As soon as that began to subside my cough, fever, pain and night sweats all began to leave me, and my appetite became so great that it was with difficulty that I could keep from eating too much. I soon gained my strength, and have grown in flesh ever since."

"I was weighed shortly after my recovery," added the Doctor, "then looking like a mere skeleton; my weight was only ninety-seven pounds; my present weight is two hundred and twenty-five (225) pounds, and for years I have enjoyed uninterrupted health."

Dr. Schenck has discontinued his professional visits to New York and Boston. He or his son Dr. J. H. Schenck, Jr., still continues to see patients at their office, No. 15 North Sixth street, Philadelphia, every Saturday from 9 A. M., to 3 P. M. Those who wish a thorough examination with the Respirometer will be charged $5. The Respirometer declares the exact condition of the lungs, and patients can readily learn whether they are curable or not.

The directions for taking the medicines are adapted to the intelligence even of a child. Follow these directions, and kind Nature will do the rest, excepting that in some cases the Mandrake Pills are to be taken in increased doses; the three medicines need no other accompaniments than the ample instructions that accompany them: First create appetite. Of returning health hunger is the most welcome symptom. When it comes, as it will come, let the despairing at once be of good cheer. Good blood at once follows, the cough loosens, the night sweat is abated. In a short time both of these morbid symptoms are gone forever.

Dr. Schenck's medicines are constantly kept in tens of thousands of families. As a laxative or purgative, the Mandrake Pills are a standard preparation; while the Pulmonic Syrup, as a curer of coughs and colds, may be regarded as a prophylacteric against consumption in any of its forms.

Price of the Pulmonic Syrup and Seaweed Tonic, $1.50 a bottle, or $7.50 a half dozen. Mandrake Pills, 25 cents a box. For sale by all druggists and dealers.

Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

SEVEN REASONS WHY

GREAT ENGLISH SWEENY SPECIFIC
GESS

IS THE BEST LINIMENT IN THE WORLD FOR HORSES.

FIRST.—It is composed of the most POWERFUL and PENETRATING liquids known in Chemistry.

SECOND.—Combined with the above is a MEDICINAL OIL, made expressly for this Liniment, and mixed by an entirely new process.

THIRD.—The use of the *powerful* and *penetrating* ingredients is to drive or force in this beautiful MEDICINAL OIL, which lubricates the joints and muscles, and immediately throttles the disease, and compels it to loosen its deathly, sickening and poisonous fangs.

FOURTH.—This MEDICINAL OIL is used for the same reason that a good mechanic always uses oil—to make his machinery work with ease and precision. So in the same way the muscles and joints of our animals should be lubricated if we wish to have them travel with rapidity and ease.

FIFTH.—It is very soothing in its action, will not burn or blister the animal like most of the "red hot" liniments of the day.

SIXTH.—Not one drop of tincture of cayenne or red pepper can be found in its composition; for we hold that no liniment can be effective which burns and blisters the animal until the muscles are hard and dried almost to a crisp.

SEVENTH.—Every bottle is WARRANTED to give good satisfaction, or your money will be refunded. This shows conclusively that the proprietors have full confidence in this preparation, and proves for the seventh time that G. E. S. S. is the best Liniment in the world for horses.

☞ *Don't allow your Merchant to palm off Tincture of Red Pepper and Hartshorn, or other trash on you, but ask for G. E. S. S. for Horses, and take no other.* Sold by all druggists.
